“ I visited Antonia and her family a year ago. I visited Antonia and her family last year shortly after my father had passed. Although in poor spirits, I jumped at the opportunity predominantly because she would be there. Her presence and care filled me with joy, reassuring me that there were people who truly cared about us. She had always been my favorite of my parents' family friends. I will always have fond memories of her warmth and kindness in my heart.

“ I will never forget how wonderful Antonia was to me and my family. She was such a sweet woman and even though I regret not spending more time with her, she will forever be in my heart. I used to drop my mom off at the house and they would spend hours talking and laughing and enjoying each others company...now they can spend time together again... Rest in paradise Antoniette...you will never be forgotten xo
