“ TO A FATHER I CALLED DAD

You have been the only one that I have called Dad in my entire life. It is a word that I like saying but have never said it enough. Since I was young, I don't remember ever saying DAD, but I do recall images of my biological DAD. I am going to miss saying DAD to you. When you are near, I say DAD. The feeling I get when saying DAD is a feeling of comfort and security. The other times I hear this word is when your grandson calls me DAD. There are times when I feel I am not worthy of this title. The word DAD is synonymous with words such as; FAITH, HOPE and LOVE. It is a title that should be given to those who have earned it. From the family and friends that are gathered here today, it is evident that you have earned this title, DAD.

DAD, I wish you did not have to leave so soon. There is so much I need to talk to you about. So much I have questions. I was hoping this year when I returned we could sit down and talk and share each other's company. I will miss your smile and how you make me laugh.

DAD, from the moment we first met, you took me in and open your home and most of all your heart, as what a DAD would do. You gave me an opportunity to learn and grow, as what a DAD would do. But most of all, you gave me your daughter's hand in marriage, as what a Dad would do. This is one of the greatest gifts a son could receive.

DAD, I was hoping to see you one more time so I can apologize for all the wrong that I have done and failed to do as a Son-in-law. And to apologize for not being strong enough like you.

DAD I will miss you and will never forget the times we had. I know that you are in GOD's Grace and that you are at Peace. But I wish I had one more moment with you so I can say ?I LOVE YOU DAD.?

“ *Uncle Gil, Auntie Helen and the rest of the family...*

The whole family would like to give you our deepest condolences to the lost of our beloved grandfather and father Bernardo...It's not really easy to accept that he is gone and leave us here in this world but lets be happy because he will now rest in peace and will not feel the pain anymore...We know that right now he is with our GOD Almighty and watching us in everything we do...We might not talk and touch him anymore but deep in our heart, he is still there remembering all his good work and good word...
