“ I send my deepest sympathy, and prayers for the strength to hold on, to a family who has suffered a devastating tragedy. My heart breaks for your loss. Clearly Daniel has touched a lot of people in his short life time and was robbed of touching many more. When the stars shine a little brighter and the sun is a little warmer.... it is because Daniel is looking down on those who are thinking of him.

“ *A Consolation of Eternal Life*

Those who have gone before us have not been separated from us. They are really much closer to us because they now live with the fullness of God's love, a love that embraces each one of us, whether here on earth or in the heavenly kingdom. It is in this divine love that we are truly united, not only to God, but to each other. At a time of mourning, we often feel that we are distant from those we love. Actually, they are united with us now more than ever before. No more do they know the restraints of the human condition. Now they are able to love us with a deeper love, a fuller love, a love that is enriched by God's own love. No death does not separate us from those we love. It deepens our union with God and with each other.

Love, prayer and respect to the Colon family. Dan was a very special person. He made everybody feel like they were his best friend. We all know he was special, but he made you feel special. They always say God takes the good ones. He was taken way to young. His smile and funny dances will never be forgotten. His sense of humor, loyalty to all, the genuine love for his family and friends are unique. You will live on in many hearts.

*Gone but you will never be forgotten,
