“Dennis you will always be in my heart, one I will never forget. You had a walk that went with the talk. That special beebop that made you fun to be around. You were just too kool, Im really going to miss you. So many times you were there for me. We shared a-lot in common, we had a lot of good times, sitting in the park having lunch, going to dinner, just hanging-out, I love you Dennis Boyd, forever me

“Uncle, We have had our ups and downs, but I have always been here for you. I am sad that you were taken so soon but excited that you will be reunited with the family. I wish you could have taken a different path in life so that you would still be here with us but I understand that GOD had his plan for you and I feel good knowing that you are up there to watch down on us, to guide your kids and your grandchildren down the higher road. Please know that even though I didnt approve of the life you chose to lead, I never stopped loving you. I will never forget all the kind things you did for me and all our laughs. You may be gone but you will never be forgotten Uncle Den! You will be forever in our hearts. Your body is gone but your legacy and spirit will live on through all of us kids. I love you with all of my heart, "Tasty"
