“ George “GiGi” Ison was my brother in law. We have known each other since high school, but became related thru marriage. We shared each other’s company for more than 25 years, we talked we laughed, we cried, we partied, we vacationed and so many other things. We laughed about groaning (yeah I said groaning!) old and not doing some of the things we used to, but never did I think I would be writing this remembrance for my brother, I surely thought he would be writing one for me. I am truly going to miss him. We didn’t talk as often in the last few years but GOD saw it fit for me to talk to him on New Years Eve this year and express my love for him and his family.

He was the proud father of 2 sons. He led by example, and taught his sons the importance of education. And how to be a father, when the time comes. He leaves a big void in this family. My heart goes out to my sister-in-law for they were “two peas in a pod” as the saying goes.

My sister you have lost a big part of your heart, but just know that I am just a phone call away.

God Bless This Family!!!

“ *While the shock of our brother's passing is still so strong that it may not allow me to say all I feel in sympathy for his wife and sons, here I can proclaim that George was an honorable and loving family man who will be remembered by us always. He was a model of a man we all can respect and love and try to be like in some way. He was solid -- a guy whom you want to have approval of your thoughts; when I had something to say I wanted to know that it sounded good to George. I didn't see him often, but whenever I did catch him it was a joyous moment when I got that self-assured smile from that strong handsome man. He had brothers from a lot of different mothers and fathers who now are surprised that they won't see him like before. We'll see George in his family and the memories he created.*

Later, Bro

Pat McCullough, Daphne and Pat II remember big George.

George was such a pleasure to be around - he always had a smile on his face and in turn brought one to mine.

I enjoyed working for a number of years with George when he was at Stantec Consulting and I have always had good feelings about him. He was very accomplished as a lead designer and he always undertook more work load than should have been asked of any person and he did it well. He left a void in this office when he left and I'm sure that he is leaving a huge void to those close to him and the many others whos lives he touched. George was one of the few people who will leave an inprint on those they touch that will stay with them for the rest of their lives. That makes him special, he was one of a kind.

*George I'm going to miss our sushi lunches and our love of shoes :-)
You were a very pleasant fellow with never a bad word to say about anybody. I am very glad that our paths crossed. Say hi to Grady up there.*

I was very touched and moved at your service. The outpouring of love was overwhelming and proof indeed of what a wonderful person you were. From this day forward I am going to make a strong effort to be a little more like you. Going to miss you.
