“ I had the privilege to work with Kathy at Walden House. I enjoyed our time together. She made the work fun; she was a joy to be around and she was a loving person. I send my condolences to her family; Kathy is a great loss to us all. I will miss that laugh.

“ Kathy, Going back to life at Walden House: You always had a particular command of the English language and chose your words very carefully, I might add, to get my attention, to get me to sit the f... down, shut the f... up and "LEARN TO LISTEN"! Your method was a bit brutal (as everyone else within earshot held their breath and sat perfectly still), but you managed to get me to take a look at my life as no one else ever had. I thank you for it! I love you always. Fly with the angels! -Louis

“ It has been at least thirty, if not thirty-five, years since I last saw Kathy, but when I heard she had passed I thought back to when we were teens and how spirited and funny she was. We live on in memories. She made more than her share. QDEP, Kathy.

“ *Kathy just called me on Superbowl Sunday, and right off the bat she had me cracking up. Kathy always had a smile and spoke her mind in a heart beat. All the years off and on... taking vacations together. There's so much to say I don't know where to start or where to begin....All I know is I'm going to Miss her! and I couldn't help but love her just the way she was.*

“ *Kathy, we have been friends now for 50 years and I am so proud and honored to have called you my friend. I have so many great memories of us as children as well as adults...I will treasure them forever. You always had the best sense of humor and you would always make us all laugh. I will never forget the times we spent in your mom's living room with your whole family. You will always be with me....I love you very much.*
